

# Overdose Alert.

**August 26, 2024-UPDATED**

**Grey Bruce Public Health has been alerted to 5 overdoses that occurred during Aug 23rd – Aug 25th including 1 fatality. 3 cases were in Owen Sound and 2 in Walkerton, fentanyl is suspected in 1 of the cases, and a brown crystal-like substance is linked to another. The substance linked to the fatality is unknown.**

Follow these harm reduction practices:

- Don't use alone. Have a trusted, sober friend present. Call or text NORS 1-888-688-6677 if using alone.
- Get overdose prevention training & carry a naloxone kit.
- Take extra caution if mixing substances. Mixing substances can increase the risk of harm and drug poisonings.
- Go slow. Always start with a low dose and increase slowly, especially if trying something new or restarting use.
- Use only new supplies and avoid sharing supplies. This reduces the risk of getting or passing on an infectious disease. Supplies are available at GBPH and community partners.
